Education

Swami Keshvanand Institute of Technology

B.Tech in Computer Science

2023 – 2027

CGPA: 9.40/10

Hindustan International Academy, Jaipur

CBSE

2021 – 2023

Class XII: 85.8%, Class X: 91.6%

Experience

PDCOR Ltd.

Intern

June 2026 – Present

Jaipur, Rajasthan

- Developing and enhancing the website of the PDCOR Ltd., focusing on user interface design and functionality.
- Analyzing district-level socio-economic and workforce data for skill gap assessment under the RSLDC project.
- Preparing data-driven insights, reports, and presentations to support discussions and decision-making with District Magistrates and government stakeholders.

RUIDP - Rajasthan Urban Infrastructure Development Project

Data Analyst Intern

June 2025 – July 2025

Jaipur, Rajasthan

- Analyzed large-scale urban datasets using GIS tools, improving data accuracy by 15%
- Analyzed urban water usage datasets and developed dashboards to support water conservation initiatives.
- Collaborated with cross-functional teams to implement data-driven solutions for urban sustainability

Kistechno Software Pvt. Ltd.

Web Development Intern

July 2024

Jaipur, Rajasthan

- Built responsive web interfaces using HTML, CSS, and Bootstrap

Projects

Brain Tumor Detection using Deep Learning | *Python, TensorFlow/Keras, OpenCV, NumPy* 2025

- Built an image classification system to detect brain tumors from MRI scans using transfer learning
- Fine-tuned a pre-trained VGG16 model to improve classification performance on medical imaging data
- Trained the model on brain MRI datasets with preprocessing and augmentation techniques for better generalization
- Developed and tested the complete pipeline on Google Colab, enabling efficient model training and evaluation

NEERAKSH | *HTML, Tailwind CSS, JavaScript, Node.js, Firebase, REST APIs*

July 2025

- Developed a full-stack gamified web application to promote water conservation
- Designed RESTful APIs for dynamic, region-specific content delivery
- Integrated Firebase Authentication and Firestore for real-time user tracking
- Improved user engagement through dashboards and reward-based gamification

Technical Skills

Languages: C, C++, Python

Web Technologies: HTML, CSS, Tailwind CSS, REST APIs

Data Analytics Tools: Power BI, Excel, SQL

Tools & Platforms: VS Code, Google Cloud Platform, Github, Figma

Core Concepts: Data Structures & Algorithms, OOPs, DBMS, Computer Networks, Machine Learning

Leadership

Indian Society for Technical Education (ISTE)

Student Coordinator

Aug 2024 – Present

Jaipur, Rajasthan

- Organized technical events with 100+ participants ensuring smooth execution
- Led end-to-end event planning including logistics, scheduling, and coordination
- Mentored peers in UI/UX design and collaborative development

Certificates

- **Deloitte Data Analytics Simulation** – Data Cleaning, Visualization
- **SheFi Scholar** – Tech & Finance Program
- **MySQL Bootcamp** – SQL and Database Design
